

QUADRANT OF THE PILLAR

ORDANA

ORDANA SYSTEM

Kermaz (30AU): Deserted planet

Ordana (30AU): Mostly ice covered, system hub, home of the Ayuín Cartel.

Hayrangi (30AU): Space station controlled by Hayrangi Group.

Barah (30AU): Desert planet, home to the crimson temple Sul-Ardike.

Brutange (30AU): Uninhabitable due to an infectious pandemic.

O-21 (30AU): Known for the moon Bochín with its many lakes.

Qargarín (30AU): Gas giant with more than 20 rings containing several unattended temples to the Icons.

Musfat (30AU): Contains rich Boroníum deposits but no larger colonies.

Irike (30AU): A lonely planet which is said to slowly spin out of the system.

YUISIN SYSTEM (200AU from Ordana)

Moshte (3AU): Torrid gravel planet with forgotten humanites.

Yuisín (4AU): Here lies the palace of the Slumbering Prophet.

Hawran Belt (10AU): A wide asteroid field.

Murat (16AU): Home to the space station Yuisín-3, a water hole belonging to the Lyricum Triade.

Dayr (20AU): Rocky planet with three sacred moons.

Tal Afsar (30AU): Gigantic ice planet with the system's largest Xenon eposits.

POWER PLAYERS

Ayuín Cartel (Ordana): Drug cartel with the support of the Zenithian Legion. Operates mostly from Ordana. Sees Hayrangi as great threat.

Hayrangi Group (Hayrangi Station): Financial collective, with interest in Yuisín and it's xenon ressources. Has trade contracts with the mogul clan Nasr-Jang. Respected in the Quadrant.

People's Army of Ordana (Meng Delta on Ordana): Also known as Ayuttha's Leopards. Sick of the manipulation and crimes of the Ayuín Cartel. Many bases in the Meng Delta. Guerilla attacks on Cartel infrastructure.

Lyricum Triade (Murat): Small crime organisation in the Yuisín system.

Yuisín Settlers: Finally see their chance coming with the starting Xenon trade. Oppose the Hayrangi and Lyricum groups.

ZHAU

ZHAU-A SYSTEM

Lance Station (0.5AU): Forward base of the Honor Guard.

Z-3 (4AU): The Mharatta Shipyard.

Z-6/ZHAU (6.5AU): Main planet of the system, home to several colonies.

Z-9 (8AU): Akenatohna Space Port.

Z-29 (9AU): Tropical Planet known for its great ocean.

Z-45 (17AU): Several "shadow colonies" were nuked into oblivion here.

Z-60 (43AU): Metal-rich planet with tightly controlled mining operations.

ZHAU-B SYSTEM

ZB-3 (4AU): Yah-Zhau Frontier Station with mobile mining refineries.

ZB-4/Zorana (6AU): The Carbon Sultanate.

ZB-7 (15AU): Stone planet with large aluminum deposits.

ZB-10/Yivae (22AU): Named after the sect of Warrior Nuns residing here.

ZB-46 (32AU): Small frontier colonies in a cooperative community.

ZHAU-C SYSTEM

ZC-4 (5AU): Remains from the Portal Builders have been found here, rumored to be monitored by Draconites.

ASTEROID BELT (12AU): Microsun phenomenon appearing at regular intervals.

ZC-X (21AU): Rumored to contain a portal to the Fourth Horizon.

SIVAS

SIVAS SYSTEM

Kala (4AU): Gas giant that is slowly approaching the sun.

Sivas (6AU): Desolate planet with colossal mountain ranges.

Karast (6AU): Peasant republic governed by the Lotus Brothers.

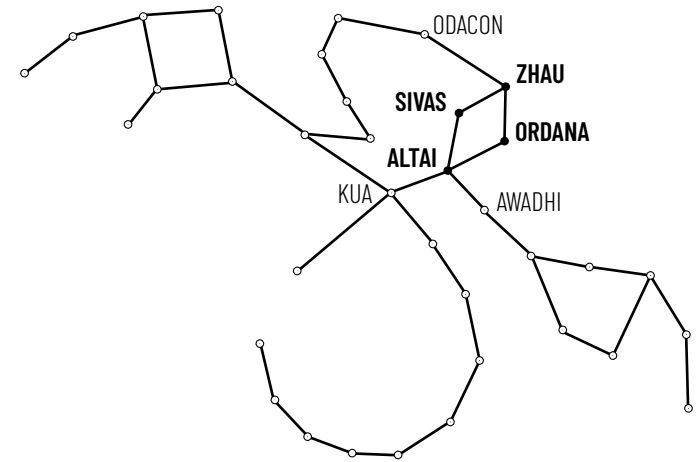

The Loulan trade station (6AU): Neutral but worn-down trading post.

Yovani (11AU): Scattered metal foundries owned by the Lotus Brothers.

Nurija (33AU): Ice planet containing one of the Foundation's research stations.

Gamhija (41AU): Ice planet devoid of colonies.

Comija (51AU): Ice planet rumored to host a Drakonite hideout.

ALTAI

ALTAI SYSTEM

Imanon (3AU): Home planet of the Magnesium Sultans.

Black Sector (5AU): Asteroid belt containing many old defence systems.

Altai (6AU): Primarily known for its 27 moons.

Marakanda (6.5AU): Home of the Alabaster Council and the city of Khorsabad.

Zanjire (7.5AU): Former slave colony, now an agricultural world.

Baatar (10AU): Mining planet beset by waring vizirs and warlords.

Elajh (20AU): Gas giant with mining colonies run by the Gas Emirs.

Maraabra (32AU): Forgotten ice planet where the lost fleet of the corsairs is rumored to rest.
